CLINICAL SERVICES AGREEMENT

Meridian Clinical Partners, S.L. and Aster Therapeutics AB

This Clinical Services Agreement is entered into as of 3 March 2025 between Meridian Clinical Partners, S.L., a company incorporated in Spain ("Meridian"), and Aster Therapeutics AB, a company incorporated in Sweden ("Sponsor"), in respect of Sponsor's Phase II study AST-204 (the "Study").

1. Services

Meridian will provide clinical trial site management services for the Study across up to twenty-two (22) investigator sites in six countries, comprising site identification and qualification, regulatory submission support, site initiation, ongoing monitoring visits, data management, and database lock.

The activities described above are provided as an integrated service for the duration of the Study. Sponsor does not receive a separately usable deliverable at the conclusion of any individual activity, and Meridian's obligation is to deliver a locked, monitored clinical database meeting the protocol's requirements.

2. Service Fees

Sponsor shall pay Meridian the following fees on achievement of the corresponding milestones. Each milestone fee is earned only on achievement of the stated event and is not payable in part.

Milestone	Fee
Activation of the first eight (8) investigator sites	EUR 120,000
Enrolment of 50% of the target subject population	EUR 260,000
Last subject last visit	EUR 210,000
Database lock	EUR 180,000
Total service fees	EUR 770,000

3. Investigator and Pass-Through Costs

In addition to the service fees, Sponsor shall reimburse investigator grants, ethics committee fees, central laboratory charges and subject travel costs (together, "Pass-Through Costs").

Meridian contracts with investigator sites as Sponsor's authorised representative and under budgets that Sponsor approves in advance. Pass-Through Costs are invoiced to Sponsor at the amount charged by the third party, without mark-up or administrative fee. Meridian holds Pass-Through funds in a designated account and returns any unspent balance to Sponsor at the conclusion of the Study.

Sponsor sets the investigator grant budget and Meridian has no discretion to vary it. Meridian is not liable to investigator sites for amounts Sponsor fails to fund.

4. Term and Termination

This Agreement commences on the date stated above and continues until database lock, expected in the fourth quarter of 2027.

Sponsor may terminate this Agreement or the Study at any time on thirty (30) days' written notice. On such termination, Sponsor shall pay Meridian for services performed to the effective date of termination, together with non-cancellable costs Meridian has committed on Sponsor's behalf and a close-out fee equal to fifteen percent (15%) of the service fees not yet earned.

5. Change Orders

Any change to the protocol, the number of sites, the enrolment target or the Study timeline that affects Meridian's scope of work shall be documented in a written change order signed by both parties, specifying the change in scope and the corresponding change in fees.

6. Invoicing

Milestone fees are invoiced on achievement of the relevant milestone. Pass-Through Costs are invoiced monthly in arrears. All invoices are payable within forty-five (45) days of the invoice date.

IN WITNESS WHEREOF, the parties have executed this document by their duly authorised representatives.
