Crop Analytics Bundle -- Nimbus Analytics, Inc. and Saltmarsh Grain Cooperative

This Order Form is entered into as of January 12, 2026 between Nimbus Analytics, Inc. ("Nimbus") and Saltmarsh Grain Cooperative ("Customer") under the Master Subscription Agreement between the parties dated March 4, 2024.

1. Bundle Contents

The Subscription Term commences on February 1, 2026 and continues for twenty-four (24) months.

Item	Fee
Crop Yield Analytics subscription (24 months)	USD 168,000
Orbisat satellite imagery feed (24 months)	USD 72,000
Total committed fees	USD 240,000

2. Satellite Imagery

The imagery feed is supplied by Orbisat Imaging Ltd, which is not affiliated with Nimbus. Nimbus purchases the imagery licence from Orbisat and grants Customer a sublicence to use the imagery within the Crop Yield Analytics service. Nimbus sets the price of the feed to Customer.

Orbisat delivers the imagery directly to Customer's account and is responsible for its accuracy and coverage. Customer raises any question about the feed with Nimbus support, which passes it to Orbisat.

If Orbisat ceases to supply the feed, Nimbus may substitute imagery of comparable resolution from another provider, or refund the unused portion of the feed fee.

3. Payment and Termination

Committed fees are invoiced annually in advance, on February 1, 2026 and February 1, 2027. Invoices are payable within thirty (30) days of the invoice date.

Neither party may terminate this Order Form for convenience.
